Jaipur. Raiasthan

### **SUMMARY**

I am a computer science graduate student in my final year with expertise in HTML, CSS, JavaScript, and other web development frameworks like React and Angular. Additionally, I've finished tasks that utilized Java, Spring Boot, and Hibernate. I work well with others as a team member and pride myself on my attention to detail. I have a strong interest in web and Java programming and am eager to learn new technologies to expand my knowledge and remain current with market trends.

#### **TECHNICAL SKILLS**

- Java
- React.is
- Asp.net
- Node.js
- DBMS
- HTML
- CSS
- JavaScript

## **CERTIFICATIONS**

Core and Advanced Java Board Infinity | Jan '23

Java Data Structure And Algorithm | geeksforgeeks | Jun '22

# POWER SKILLS

- Time management
- Leadership
- Communication
- Multi-tasking

# EXTRA CURRICULAR ACTIVITIES

- Group discussion event | Jun 22
- Volunteer in NGO during covid 19 |Dec 20
- Volunteer in fan fest |mar'19

#### **TRAINING**

Core and Advanced Java

June '22 - July '22

Board infinity| Phagwara, IN

- Covered core concepts of Java programming, including data types, control structures, methods, and arrays
- Learned object-oriented programming principles and how to use classes, inheritance, and polymorphism in Java
- Gained hands-on experience by completing programming assignments and quizzes throughout the course
- Earned a certificate of completion for achieving a passing grade in the course
- Applied knowledge gained from the course to develop a simple Java application as a final project
- Improved problem-solving, critical thinking, and collaboration skills by participating in online discussion forums with peers from around the world.

## **PROJECTS**

HealthSuraksha

March'23

- Domain: Web Development | Programming Languages: React.js, Nodejs
  - created a web application for healthcare that provides real-time updates on COVID-19 cases and a chatbot tool for risk assessment and guidance on testing and treatment choices.
  - Utilizing technology to give users timely and accurate information and support during the COVID-19 pandemic contributed to a crucial public health effort.

EduRang Jan'23

- Domain: Web Development | Programming Languages: HTML, CSS, asp.net, C#,
- Created responsive e-learning web application using ASP.NET, HTML, CSS, and JavaScript with intuitive UI and dynamic animations.
- Developed feature-rich web project with custom styling and interactive elements using ASP.NET, HTML, CSS, and JavaScript.

Fit Verse Oct'22

- Domain: Web development | Programming Languages: HTML, CSS, JavaScript
- designed and built a user-friendly website for a gym with details about trainers, branches, membership, and gym equipment.
- To increase user engagement and advertise the gym's services, extra features like a BMI calculator, high-quality photos, and YouTube videos were included.

## **ACHIEVEMENTS**

Leetcode- Solved more than 80 questions

Jan '22 - Mar '22

4 Star Rating in Java on HackerRank

Feb '21 - Apr '21

## **EDUCATION**

B.Tech. in Computer Science

Apr '19 - Present

Lovely Professional University | Phagwara, IN

CGPA 6.54

**Higher Secondary** 

Jun '18 - Mar '19

Government Senior Secondary School

|Jaipur, IN

CGPA 6.8
